

Arnhem, 13 December 1993

Lectori Salutem,

This letter is to confirm that Mr. Jan Moller from Danmark worked in our Zoo as contracting architect for the firm ADAM-design. The project he worked on was the construction of Burgers' Desert, an over DFL 5.000.000,-- artificial rockwork realisation, and an underground tunnelconnection between the Bush and the Desert.

His job at Adam was planning and construction Coordinator. He was member of a crew of appr. 25 Danish people and some 10 from a Dutch manpower office. At the end of the construction period he was supervisor. Despite the difficult organisational conditions he managed well and did a perfect job. He was skilful and showed clever, organised well and was eager to communicate.

By his participation we regained part of the time that was lost during the first part of realisation. We are prepared to give further vocal information if anyone wants to have some. We wish him all the best and recommendate Jan Moller as a fine colleague and a good employee.

BURGERS ZOO

A handwritten signature in blue ink, appearing to be 'A.J.J.J.M. van Hooff', written over a horizontal line.
